

FILLINGS

Turn your creations into glamorous treats by enriching them with an appetizingly smooth filling that embodies the heart, the soul and the true spirit of chocolate indulgence.

GIANDUJA

A delicious mix of roasted hazelnuts and exquisite chocolate. Gianduja fillings are made with premium hazelnuts - perfectly roasted to get a full-bodied taste - and exquisite chocolate. This explains their intense flavour and deep brown color. Gianduja fillings are also highly compatible with chocolate, given their high cocoa content

CREMA DELL'ARTIGIANO

Ready-to-use fillings and toppings with an intense chocolate or nut flavour. Crema dell'Artigiano glazings add a smooth and tasty topping to pastries and bakery products after baking. At room temperature, they are very popular as cocoa or nut spread.

PURE NUT PASTES

The essence of nuts, in perfectly workable pastes. Pure nut pastes are the 100% pure essence of high-quality roasted nuts. They have an intense all-natural flavour and contain no added sugar.
